

TECHNICIAN - ST. LOUIS, MO

Company Background

Code Consultants, Inc. (CCI), a privately held and internationally recognized fire protection engineering and life safety consulting firm, is seeking professionals to join our St. Louis office.

Founded in 1973, CCI is an industry leader, providing a diverse range of crucial fire protection and life safety consultation and design services including but not limited to:

- building and fire code consulting
- life safety consulting
- hazardous materials analysis
- accessibility consulting
- fire and egress modeling
- fire sprinkler design
- fire alarm design
- mass notification design
- information & communications technology design

CCI's experienced and trained team of over 80 professionals consist of fire protection engineers, architects, civil/mechanical/electrical engineers, code officials, members of the fire service, and technicians. At CCI we value our team members and continuously strive to provide a great culture, career and personal development opportunities.

As a privately held firm, CCI's management team is fully responsible for the strategic direction of the firm and successfully manages growth by maintaining a stable organizational structure, consistent professional service products across our offices, and applying objective performance-based compensation.

Role

As a member of the CCI team your responsibilities will include:

- Integral to setting up, maintaining and producing plans, contract documents and electronic design drawings in AutoCAD and/or REVIT by coordinating and compiling multidiscipline backgrounds
- Performing preliminary design tasks necessary for project completion
- Collaborating with CCI team members in multiple departments
- Providing support to principals, project managers, project designers and design technicians
- Correcting internal markups and providing initial quality control checks on deliverable packages to maintain adherence to CAD / Revit standards
- Transferring physical and electronic documents to clients

Qualifications

Ideal candidates will possess the following:

- A 2-year Associates degree
- Minimum 1-year experience with an architectural or engineering firm
- Working knowledge of AutoCAD and Revit software
- Excellent written and verbal communication skills
- Be motivated by growth opportunities for themselves and CCI
- Passion for providing the highest level of services to CCI clients
- Possess good organizational skills; be capable of understanding client needs; prioritizing and coordinating work; making informed decisions; and executing quality work

Compensation

CCI offers an excellent compensation package with an objective performance-based bonus program and benefits (including 401(k) with matching contributions, health, dental, vision, life and disability plans).

Contact

Interested and qualified candidates may send resumes to CCI's Human Resources Department at HR@CodeConsultants.com.
